## WORLD IS WEARY OF VILLA REVOLT

All Civilized Communities Are  
Anxious to See Order Re-  
stored in Mexico.

## DEPEND UPON AMERICA

Administration May Yield to Popular  
Demand That American Life and  
Property Be Furnished Am-  
ple Protection.

Washington, June 19.—America's  
policy towards Mexico is undergoing a  
radical change. The patience of the  
country has become exhausted with  
conditions there and public sentiment,  
not only in America, but in the whole  
civilized world, is demanding that  
something be done to put a stop to the  
bloodshed and turmoil that followed  
the overthrow of Diaz.

Action by the American government  
in sending troops over the border to  
dispose of the Villa banditry, which  
was shooting promiscuously into El  
Paso is a clear indication of the first  
step in the policy that has been  
adopted.

Information accessible in Washing-  
ton indicates further that the adminis-  
tration, while feeling its way, is likely  
to yield to a demand that American  
life and property in Mexico be pro-  
tected.

Action by the War department in  
sending troops into Mexico has about  
it the color of the old-time backing and  
filling which have characterized Ameri-  
can policy on the border, but prepara-  
tions now making lead to the conclu-  
sion that this step will be followed out  
on a much more extensive scale.

It is realized by the advisers of the  
present administration that the Mexi-  
can situation cannot be allowed to con-  
tinue.

Military preparations of an active  
character are being made to strengthen  
the American forces on the border.

Various arms of service are being  
hurried to the border. Recruits of the  
Central and Southern departments are  
being sent to the border for mobiliza-  
tion, amounting in all to about 10,000.  
Secretary Baker also has issued orders  
strengthening the aero border patrol.  
There is no indication of any call on  
National guard organizations at pres-  
ent.

It is understood here that much  
more is known in Paris of the Mexi-  
can situation than is generally known.  
President Wilson has had extensive  
opportunity to discuss the situation  
with European diplomats and it is as-  
sumed it has been quite fully suggested  
that it is America's duty to quiet a  
situation that is worse than the Rus-  
sian affair, although not extensive in  
character. Europe is dealing with  
Russia and it is assumed that it ex-  
pects America to deal with Mexico.

## DAYLIGHT SAVING DOOMED

Repeal Measures Have Passed Both  
Houses of Congress.

Washington, June 19.—Doom of the  
daylight saving, inaugurated as a war  
measure, was pronounced by Congress  
both senate and house adopting by  
overwhelming vote measures to termi-  
nate operation of the law when the  
period of summer time ends Oct. 26.  
The house, following three hours' de-  
bate, passed a bill, 233 to 132, to  
repeal the law on the last Sunday in  
October. The senate, 56 to 2, added  
a rider to the agricultural appropri-  
ation bill providing for repeal of day-  
light measure on the same date fixed  
by the house.

## SENATE VOTE SIGNIFICANT

Refuses to Exempt Wine and Beer  
From Wartime Law.

Washington, June 19.—Certain de-  
feats for efforts to have congress ex-  
empt beer and wine for operation of  
the war-time prohibition law was seen  
in a vote of 55 to 11 in the senate  
against an exemption proposal.

By that margin the senate tabled a  
motion by Senator Phelan, democrat,  
of California, to add a rider to the  
agricultural appropriation bill for ap-  
plication of the war-time prohibition  
to distilled spirits alone.

## PREDICTS BOMB OUTRAGES

William J. Flynn Says Authorities Are  
on Guard.

Washington, June 19.—Further bomb  
outrages are expected by William J.  
Flynn, chief of the bureau of inves-  
tigation of the Department of Jus-  
tice, who said every precaution was  
being taken by police throughout the  
country to forestall the radicals.

All of the recent bomb outrages have  
been connected, Mr. Flynn said, and  
were inspired by a purely domestic  
element, which virtually has been  
identified.

Judge Lindsey Case Carried Up.  
Denver, June 19.—Attorneys for Ben  
B. Lindsey, judge of Denver's juvenile  
court, announced that the contempt  
of court charge filed against him in  
1915 and lately sustained by the state  
supreme court will be carried to the  
supreme court of the United  
States.

## KING ALFONSO

Spanish Ruler Is Under Care of  
His Physicians.

King Alfonso of Spain, is indisposed  
and is remaining in his room on the  
order of his physicians.

## URGES MEXICAN PROBE

Representative Gould Introduces  
Resolution in House.

Carranza Government Considers Inci-  
dent of Americans Crossing  
Border Closed.

Washington, June 19.—Representa-  
tive Gould, Republican, of New York,  
has introduced a resolution in the  
house proposing investigation by a  
congressional committee of the Mexi-  
can situation from 1910 to the pres-  
ent time.

The committee would be directed to  
inquire particularly into the relations,  
economical, political and military, be-  
tween the United States and Mexico,  
the treatment accorded Americans and  
other foreign citizens, and the extent  
to which the government has obligated  
the people of the United States for col-  
lection, payment or liquidation of pub-  
lic or private claims against the gov-  
ernment or people of Mexico.

Members of the cabinet and others  
would be required to testify under  
oath and the committee would have  
power to meet in Mexico or elsewhere.

"The Mexican government considers  
as closed the incident brought about  
by the crossing of American troops in-  
to Mexican territory," said a statement  
issued here by General Candido  
Aguilar, President Carranza's confi-  
dential ambassador to the United States.

## PERSHING CANCELS SAILING

Regulars, Scheduled for Home, to Re-  
main in France.

Washington, June 19.—The Fourth  
and Fifth Divisions of regulars have  
been removed from the list of units  
scheduled for early return to the Uni-  
ted States, the war department is ad-  
vised by General J. J. Pershing. These  
two divisions were scheduled to sail  
from France this month and officials  
believed cancellation of the sailing or-  
ders would have been made only un-  
der plans of the inter-allied high com-  
mand and with the approval of Presi-  
dent Wilson.

## FRENCH CREW IS RESCUED

Norwegian Steamer Finds Fishing  
Craft in Distress.

New York, June 19.—The Norwegian  
steamship Stavangerfjord, which left  
here June 12 for Bergen, rescued the  
crew of 45 men from the new French  
fishing barkentine George Clemenceau  
June 16, according to a wireless mes-  
sage from the ship received here by  
agents of the line. The barkentine  
was found in distress 600 miles south-  
east of St. John's, N. F. After the  
crew had been taken off she was set  
on fire so as not to become a menace  
to navigation.

## "ABSOLUTE ANARCHY FOR GERMANY" SAYS HUN PAPER

### IF GERMANY REFUSES TO SIGN? PLANS FORMED

BY ED L. KEEN.  
(Staff Correspondent, United Press)

Paris, June 19.—The eyes of the world were focused on the little  
town of Weimar today where one of the most momentous decisions in  
history was in the making, with the allied armies and the British navy  
prepared to move simultaneously on Germany if she refused to sign the  
peace treaty.

The German delegates, cabinet assembly were gathered in Wei-  
mar debating whether it shall be peace or war. Their verdict must be  
reached before 7 o'clock Monday evening, the zero hour fixed by the al-  
lies when they submitted their reply to the German counter proposals  
at Versailles.

The British navy is understood to have been put on a war footing  
ready to join Marsha Foch's land forces in bottling up Germany should  
hostilities be resumed. The British dirigibles R-33 and R-34 were re-  
ported cruising over German coastal regions heavily armed with aerial  
bombs and machine guns. Copenhagen reported the arrival of British  
cruisers and destroyers in the Baltic.

### President's Party Has Strenuous Day

(By United Press)  
Brussels, Belgium, June 19.—Presi-  
dent Wilson and his party which ar-  
rived last night from Paris were  
scheduled to carry out a strenuous  
program today. A motor trip  
through the devastated regions to  
the south, luncheon at the Ameri-  
can legation, an address to parlia-  
ment this afternoon, reception for  
the diplomatic corps at the palace,  
a trip to Louvain to meet Cardinal  
Mercler, reception at the city hall  
and banquet at the palace was sched-  
uled for the president. The party  
will return to Paris tomorrow morn-  
ing.

### German Delegation May Reject Treaty

(By United Press)  
Basle, Switzerland, June 20.—The  
Weimar correspondent of the Frank-  
furter Zeitung declares the German  
peace delegation has unanimously re-  
solved to reject the revised peace  
treaty and has submitted a report  
to this effect to the German cabinet.

### Big Five Takes Up Austrian Finances

(By United Press)  
Paris, June 19.—The Big Five was  
expected to take up the question of  
Austrian finances and reparation to-  
day. There was no indication as  
to when the remainder of the Aus-  
trian treaty will be presented.

### Germany Getting on a High Horse

(By United Press)  
Paris, June 19.—Every member of  
the German peace delegation includ-  
ing experts has refused to partici-  
pate in signing the treaty, the Wei-  
mar correspondent of the Temps wired  
today. The delegation he said has  
submitted a report to the government  
pointing out that the terms are im-  
possible of execution. The corres-  
pondent said a movement is under  
way to form a new cabinet.

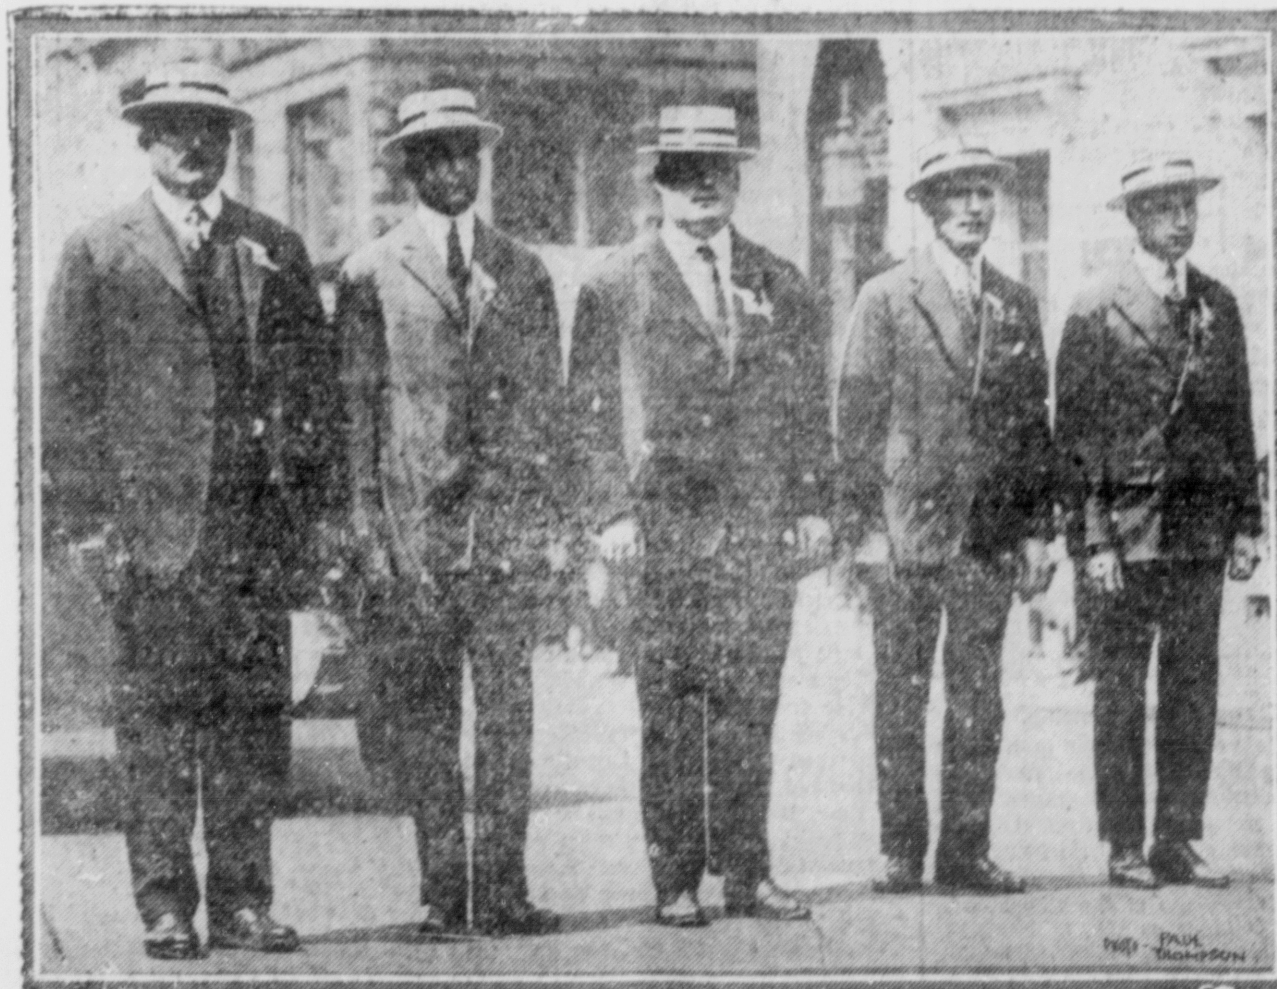

### Labor Considers Immigration Here

(By United Press)  
Atlantic City, N. J., June 19.—The  
American Federation of Labor today  
turned its attention to the question  
of immigration and what shall be  
done with the railroads. A num-  
ber of resolutions ready advocated  
the continuation of government con-  
trol and eventual government own-  
ership of railroads.

### 6 Transports Arrive With 20,000 Troops

(By United Press)  
New York, June 19.—Six trans-  
ports arrived today from France  
with more than 20,000 officers and  
men. They were the South Bend,  
New Amsterdam, Kaiserin Auguste  
Victoria, Prince Frederick Wilhelm,  
Great Northern and Panama.

### Five Famous Athletes Who Are Boy Scout Boosters

The sort of men Boy Scout train-  
ing makes are the sort that have  
been helping the scouts in their  
drive for one million associate mem-  
bers. Here are five men who not so  
long ago hung up a number of ath-  
letic records. Their names are  
known to everybody who is interest-  
ed in athletics. They marched in  
the Boy Scouts parade in New York  
City and helped the drive in every  
way possible. They are, left to right,  
P. J. (Pat) McDonald, shot putter  
and weight thrower; Ray Ewry, a  
kangaroo when it comes to jumping;  
Mat McGrath, weight thrower; Geo.  
V. Bonhag, long distance runner,  
and Paul Pilgrim, also famous on  
the track. Each one of them is an  
enthusiastic booster of the Boy Scout  
movement.

## GRANTED A DIVORCE

Duchess Sued Duke of West-  
minister at London.

The Duchess of Westminster, has  
been granted a divorce at London from  
the Duke of Westminster on charges  
of desertion and infidelity. The duke  
was not represented by counsel. He  
entered a denial.

## PEACE WITH GERMANY

United States May Negotiate  
Separate Treaty.

Several Senators Are Preparing Reso-  
lutions Relating to General  
Conditions.

Washington, June 19.—Separate  
peace with Germany is provided for  
in at least three resolutions being pre-  
pared by senators for introduction "at  
the proper time."

Refusal of Germany to sign the Al-  
lies' treaty, or her signing of it, or the  
defeat of the Knox resolution in the  
senate, are among events which, sen-  
ators said, are likely to be the signals  
for introduction of the separate peace  
resolutions.

Senator Fall, New Mexico, author  
of one of the resolutions, expects to  
introduce it as soon as German dele-  
gates sign or refuse to sign the Paris  
treaty, he said.

The Fall resolution simply declares  
the objects for which the United  
States entered the war have been ac-  
complished, and announces the end of  
the state of war between the United  
States and Germany.

Senators said there was no doubt of  
the power of congress thus to declare  
at an end the war it declared in ex-  
istence. This step, they said, would  
quiet those who declare that refusal  
of the senate to ratify the treaty un-  
amended would mean continuance of  
the state of war.

Defeat of the Knox resolution would  
leave the senate no alternative but to  
make a separate peace, senators in-  
sisted, because they predict the vote  
on the resolution will show the treaty  
cannot go through unamended.

## PRESIDENT VISITS BELGIUM

Wilson Lauds Nation in Address to  
People.

Adinkerke, Belgium, June 19.—Presi-  
dent and Mrs. Wilson and their party  
arrived here from Paris at 8:45 a. m.  
They were met by King Albert and  
Queen Elizabeth of Belgium and at  
8:50 a. m. left by motor for a trip over  
the Belgian front.

President Wilson delivered the fol-  
lowing message to the Belgian people:  
"I am happy at the opportunity to  
visit a nation which defended the val-  
lars of civilization under the most  
crushing difficulties. I strongly desire  
to meet Cardinal Mercier, Burgomast-  
er Max and General Leman, and to  
see the damage to the country whose  
only fault is absolute loyalty to its  
conception of national honor and fidel-  
ity to its pledges."

## CHOOSE CARL W. CUMMINS

St. Paul Republicans Nominate Him  
for Congress.

St. Paul, June 19.—Carl W. Cum-  
mins, chairman of the Ramsey county  
Republican committee and a St. Paul  
attorney, was nominated by acclama-  
tion as congressional candidate for  
congressman from the Fourth district  
at the Republican district convention  
at the Ryan hotel.

Cummins' name was the last to be  
presented and it stamped the con-  
vention.

Last week the Democrats nominated  
Richard O'Brien, prosecuting attorney  
of Ramsey county, as their candidate.  
The special election will be held  
July 1.

## Airplane Rides for \$15.

Lincoln, Neb., June 19.—Flying for  
pleasure in an airplane is possible for  
Lincoln people to points in the sur-  
rounding country at a minimum cost  
of \$15 a passenger. The service was  
inaugurated by a University of Ne-  
braska student.

## MEASURE LACKS STRONG SUPPORT

Present Indications Are That  
Senate Will Defeat the  
Knox Resolution.

## OPINIONS ARE VARIED

Senator Hitchcock Concedes Effect  
Will Be to Prove That League  
Covenant Cannot Be Approved  
Without Amendment.

Washington, June 19.—When the  
resolution offered by Senator Knox de-  
claring that the senate will not ratify  
the present league of nations feature  
of the peace treaty comes up for a  
vote, it will not have enough votes  
to pass. A test vote may come when  
Senator Lodge proposes to offer a  
motion to take the resolution up for  
consideration.

While the resolution will fall of pas-  
sage it will muster more than one-  
third of the senate in its support  
which, as Senator Hitchcock has al-  
ready declared, will be enough to serve  
notice on the Peace conference that  
the senate will not ratify the league  
of nations covenant without amend-  
ments.

So far as known only one Democrat,  
Senator Reed of Missouri, will vote  
for the Knox resolution. Several Re-  
publican senators will also vote  
against it.

Their reasons for doing so are vari-  
ous. Some of them believe it does not  
fulfill the obligations which the United  
States must assume in seeing to it that  
the terms of the peace treaty are en-  
forced. Others do not believe it is  
fitting for the senate to take definite  
action before the treaty is actually be-  
fore it.

For example, Senator Lenroot of  
Wisconsin will vote against the Knox  
resolution, although he will not vote to  
ratify the league covenant without  
amendments of an important charac-  
ter.

Democratic senators like Gore of Ok-  
lahoma, Chamberlain of Oregon and  
others will not vote for the ratification  
of the league covenant as it now  
stands, while opposing the Knox resolu-  
tion. Still other Republicans are  
awaiting with an anxious ear to the  
ground to determine what public senti-  
ment demands and do not want to  
burn their bridges behind them at this  
time.

In spite of all this, the Knox resolu-  
tion, rallying as it will, more than one-  
third of the senate to its support, will  
serve the purpose of the opponents of  
the league in registering the intention  
of the senate to refuse to ratify the  
treaty.

Senator McCumber of North Dakota  
made a long speech in favor of the  
league and dwelt with great emphasis  
upon the horrors of war, drawing the  
conclusion that because war is horri-  
ble the league should be adopted.

## 13 SONS KILLED IN LATE WAR

French Farmer and Daughters Also  
Shot by Germans.

Paris, June 19.—Thirteen sons killed  
on the field of battle, three discharged  
with grave injuries, the father and one  
daughter summarily shot by the Ger-  
mans for going to Lille to celebrate  
the centennial anniversary of a rela-  
tive, and another daughter killed by a  
German shell at Dunkirk, is the rec-  
ord of the family of M. Vanhee, a  
French farmer of Reminghe near  
Ypres.

M. Vanhee had 36 children, 22 sons  
and 14 daughters, all of whom were  
living when the war broke out.

## MERCHANT SLAIN IN STORE

Minnesota Man Found Dead in Place  
of Business.

Hiwabik, Minn., June 19.—Jacob  
Carlson, 49 years old, who conducted a  
store at Markham, a farming center  
16 miles south of this place, was  
found dead in his place of business.  
He had been shot, and authorities be-  
lieve he was murdered during the  
night by men attempting to rob the  
store. Two strangers seen loitering  
near the store are sought.

## ALLIES WILL AID AUSTRIA

Food Supplies to Be Financed Until  
Harvest.

Paris, June 19.—The Supreme Eco-  
nomic council decided that the re-  
sumption of private trade relations  
with Germany during the blockade is  
a question for the competent authori-  
ties of each country to decide, but that  
each country must inform the others  
of what action it has taken. The  
council also made further arrange-  
ments to finance food supplies for Aus-  
tria until the harvest.

## Hospital Proposal Defeated.

Washington, June 19.—By a vote of  
212 to 92 the House refused to accept  
the Senate provision of the \$22,000,  
000 deficiency bill directing the Sec-  
retary of the Treasury to take over the  
Chicago speedway hospital.

Mrs. Julia Finn attended the  
funeral of her mother, Mrs. John  
Mayr, and returned today to her  
home in Duluth. She was a guest of  
her sister-in-law, Mrs. Charles  
Schwindeman.

## OPEN FRIDAY EVENING

All barber shops will be open Fri-  
day night until 9 o'clock. Closed  
all days Saturday. 1512

Up at Gregory park is evidence of  
some careless auto driver's work. A  
section of the curb was knocked out  
and near by lay parts of the wind-  
shield and top, indicating the force  
of the impact had damaged the car.

Notice—All the dentists of this  
city have agreed on the closing of  
their offices Saturday afternoons at  
one o'clock until Sept. 15. This will  
take effect June 21. Evening work  
will also be abolished hereafter start-  
ing Monday, June 16. 1116-2612w

Dr. C. S. Reimstad and his daugh-  
ter Miss Sara, are authorities on  
country roads south of Brainerd. The  
doctor responded to a call in Crow  
Wing township, drove down South  
Sixth and mired in the shortcut  
from Friedsam's to Gruenhagen's.  
Miss Sara was driving and she was  
nonplussed when the car stuck axle-  
deep. Emil Hildebrand hauled them  
out. The 13th street road, by the  
way, is suffering with the same mud-  
hole of spring days, said to be lo-  
cated in city limits. One driver said  
that was the worst spot in the road  
from Brainerd to the Morrison coun-  
ty line.

CROSBY FIREMEN  
AT CONVENTION

W. A. Guith, Fire Chief, and F. A.

History Papers

Crosby, Minn., June 18—Jas. Sea-  
vey of Minneapolis visited with his  
brother, Harry, a few days this week,  
later going to Aitkin for a visit.

E. C. Ekstrom and C. E. Wickman  
of Hibbing visited Crosby Monday.  
They are connected with the trans-  
portation company.

Corp. Harold Benedict and Lieut.  
Jas. Stevenson are expected home this  
week. They have been in France a  
year or more.

Mr. and Mrs. George Lindberg  
were in Duluth this week, the latter  
to visit relatives and the former as a  
delegate to the I. O. O. F. convention.

Mrs. John Swanson arrived Mon-  
day to make her home here. Mr.  
Swanson is employed at the mines.

Mr. and Mrs. Charles Sylvester of  
Little Falls drove up Sunday to see  
the ball game.

W. A. Guith, fire chief, F. A. An-  
stett and Edward Romain were in  
Red Wing this week attending the  
state firemen's convention.

Herb Bell returned this week from  
service in France. He is personally  
acquainted with the "fighting church-  
elder" York, of Tennessee, and came  
across on the same boat with him.

Miss Eugene Diette of Little Falls  
is visiting relatives here this week.

Mr. and Mrs. R. L. F. Hinkle went  
to Brainerd Wednesday where their  
son, Bobbie, underwent an operation.

M. G. Randolph has vacated the  
flat he and his family were occupying  
in the Pitt building and Mrs. Ran-  
dolph and baby have gone to Erskine  
to visit her folks. Mr. Randolph will  
leave as soon as his school work is  
completed.

## Prizes for PigmanSHIP.

Every year a pig race is held at  
Crone-sur-Marne, in the north of  
France, a prize of 2,000 francs being  
awarded the lucky rider of the win-  
ning pig. This race is held in accord-  
ance with the terms of the will of a  
wealthy tradesman of the village, who  
died forty-two years ago.

He ordered that amongst the amuse-  
ments of the annual fete should be in-  
cluded a race with pigs, to be ridden  
either by men or boys. The prize,  
however, was not to be handed to the  
winning jockey except on condition  
that he wore deep mourning for the  
deceased for two years after the race.  
The municipality accepted the ece-  
centric bequest, and these singular races  
have been held regularly ever since.

CONGRESS' PLAN IS  
FOR SMALL ARMY

REPORTS OF THIS INTENTION  
ARE DISTURBING TO THE  
OFFICERS OF REGULARS.

## DANGER IN EMERGENCY SEEN

Standing Force of 125,000 Men, Sup-  
port for National Guard of Reduced  
Size and Limited Military Training  
the Rumored Program.

By EDWARD B. CLARK.  
Washington.—There is an intima-  
tion from the sub-cellar regions of the  
capitol that there is a legislative plan  
on to reduce next winter the regular  
army to a membership of 125,000 men  
and to allot regulation government  
support for a National Guard of 100,  
000 men.

When the military affairs commit-  
tee of the house returned from Eu-  
rope it was thought that the members  
were convinced that a fairly large  
force of regulars, an adequate force  
of National Guardsmen, and some pro-  
visions for universal military training  
were necessary for the future. Now  
the latest information is that the com-  
mittee will recommend a vastly de-  
creased regular army, support for a  
National Guard of comparatively  
small size, and favor military train-  
ing only for certain colleges and higher  
educational institutions of the country.

Regular army officers are disturbed  
over the information which they have  
received concerning the intention of  
congress. It is to be presumed that  
National Guard officers also will be  
disturbed, but of course they are not  
affected as directly in their livelihood  
as are the officers of the regular es-  
tablishment.

National Guardsmen and National  
army men, after they had had six  
months' training, made just as good  
soldiers as the regulars, but of course  
it was absolutely necessary to give  
them the training which the regulars  
already had received. After many  
talks with regular officers it can be  
said that no men in the United States  
are more willing than they to give  
credit to the officers and men of the  
Guard and of the National army for  
their high service in France.

## Too Small for Emergencies.

When this war broke out the regu-  
lar army of the United States con-  
sisted of about 175,000 men. It, of  
course, as history has shown, was ut-  
terly inadequate to meet the quick de-  
mands of the occasion. This is merely  
a statement of fact. It follows,  
therefore, regular army men say, that  
if the standing establishment is cut  
to a force of 125,000 men it will, of  
course, be utterly unprepared to meet  
a quick emergency.

Army officers say also that while a  
National Guard of 100,000 men, all of  
whom perhaps are veterans of the  
war, will be a splendid fighting addition  
to the regulars, because the  
Guardsmen virtually will be regulars,  
the trouble is that within a few years  
the personnel of the Guard will  
change and instead of being composed  
of men seasoned to field service it  
will be made up largely of men new to  
service conditions.

Further than this, army officers say  
that when the personnel of the Guard  
is changed, as it will change in course  
of time, it will be necessary if war  
shall break out to spend three or four  
months training the Guardsmen and  
such selective service men as may be  
called to the ranks in an emergency.  
This, army officers and the war de-  
partment officials maintain, will mean  
that the United States, if war shall  
come, will find itself in a worse con-  
dition than it did when war came in  
the spring of 1917, for then we had  
a larger regular army than it is hint-  
ed it is the intention of congress to  
authorize next month for the future.

Larger Force Might Mean Economy.  
As is well-known, there is a plan  
which the war department has

submit to congress for a regular army  
of 500,000 men. It never has been  
believed that congress would author-  
ize a standing force of this size, but  
it has been believed that it would  
compromise with the war department  
and authorize a regular army consist-  
ing of from 250,000 to 300,000 men.

The argument of army officers and  
department officials is that while it  
will cost considerable to support a  
regular army of 300,000, it will not  
cost the sum which will be lost while  
the United States is preparing to get  
back at an enemy which already has  
attached.

There is absolutely nothing today  
to choose between the fighting qual-  
ities of the National Guardsmen, the  
National army men, and the regulars  
who saw service at the front in this  
war, but government officials say  
there will be a lot to choose in the  
days to come when the regulars will  
have gone on being regulars, while the  
National Guardsmen and the National  
army men long will have trodden the  
ways of peace.

Of course the arguments of the war  
department and of the regular army  
officers may have their weight with  
congress, but as near as one can get  
at the facts it seems to be pretty well  
assured that the intention at present  
is to cut the regular army to less  
than the old peace-time basis and to  
provide regulation government support  
for a National Guard of minimum  
strength.

## CHARM OF "MERRIE ENGLAND"

What It Was in the Days of Old Can  
Still Be Discerned in Spots  
Today.

Of our forefathers, nine out of ten  
lived in the rural parts; and the re-  
mains, the busiest and the best  
title of English humanity, in towns  
whose darkest lane was never a mile  
from the orchards round the town, so  
that the recreation of the city dweller  
was by the hedgerows and river-  
banks. . . . The spring and the winter  
came unsought into every man's life,  
not as they come today, wayfarers be-  
wondered among the housetops, feebly  
whispering of unknown things in far  
salubrious lands, but fresh with burst-  
ing bough or strong in glowing frost.  
The thoughts of the "Allegro" and "Il  
Penseroso" are indeed the thoughts of  
a rare mind, but the most vulgar slave  
of custom enjoyed in the days of King  
Charles the conditions of daily life  
which Milton there described: the  
sweet influences of the seasons, had  
their effect. . . . Whether they knew  
it or not, the Cavaliers drew their  
charm from the fields, and the Puritans  
their strength from the earth. . . .  
What this old England was can  
still be seen and felt in the combs  
and on the round hilltops of Somerset  
and Devon, in the wooded lands over  
which Malvern looks to the west, and  
in the broken valleys that lead the  
lake mountains down toward the sea.  
—G. M. Trevelyan.

## HIGHER PHONE RATES

The Dispatch publishes in this issue the higher telephone rates the Northwestern Telephone Exchange Company has announced. The hope is expressed that with this increased revenue will also come improved service, local and long distance.

The excuse previously has always been that more money was needed for operation. That excuse is now done away with and the public is now in position to demand the very best service.

The Dispatch will not be backward in calling to the attention of the company any infractions of service.

## Lithuania and Its People.

Lithuania is situated in the basin of the Niemen and Dvina rivers on the southeastern coast of the Baltic sea. The capital is Vilna. Its area is approximately 80,000 square miles, the population about 9,000,000, of whom 7,000,000 are Lithuanians, 3,500,000 Lithuanians proper, 1,500,000 using Slavic dialects and 2,000,000 Letts. The country also contains a third of a million Poles. The rest of the population consists of Jews, White Russians, Germans and Mongols. It is said that there is no trace in the world's history of any other people having lived in these regions. Although situated between the Slavs and the Teutons, the Lithuanians are in no way related to them. They claim that their language is one of the oldest now spoken in the world. It is said strikingly to resemble ancient Sanskrit.

## The Word "Magnet."

The word "magnet" is derived from the name of the city of Magnesia, in Asia Minor, where the properties of the lodestone are said to have been discovered. It has, however, been asserted that the name comes from Magnes, the name of a shepherd who discovered magnetic power by being held on Mount Ida, in Greece, by its attraction for the nails in his shoes.

## GERMANS SILENT AS TO INTENTIONS

Sentiment of Cabinet, However, Said to Be in Favor of Rejecting Peace Pact.

## OFFICIALS ARE ANGRY

Claim Reply of Allies Utterly Disregard German Counterproposals and Concession Deemed Not Sufficient—America Criticized.

Basle, June 19.—The German peace delegation at Weimar advised the cabinet to reject the peace treaty, according to a dispatch sent from Weimar by the correspondent of the Frankfort Zeitung. The correspondent added that the experts with the delegation also were of the opinion that the treaty should be rejected.

Berlin, June 19.—A pronounced movement in the ranks of the majority members of the assembly at Weimar in favor of signing the treaty is reported in a dispatch received. Sentiment among the clericals and left wing democrats under the leadership of Baron von Richthofen, is reported to be crystallizing in that direction.

Deal, England, June 19.—Eight American steamers laden with provisions for Germany are detained in the Downs pending the signing of the peace treaty.

Weimar, June 19.—The German cabinet has issued no statement on the Allied reply to the German counter proposals, but it is said that sentiment in the cabinet is almost unanimous against signing the treaty, the main objection being the possibility of Bolshevism and chaos in Germany.

Germany fears the consequences of rejecting the revised peace treaty. This attitude is apparent in government circles here.

Opposition to the pact has not abated one whit, following receipt of official summarization of the revised terms from Versailles by telephone and telegraph. But the prospect of Allied invasion, an economic blockade, Bolshevism and food shortage was obviously the dominating influence here.

Astonishment and anger at what is regarded as utter disregard of the German counterproposals were voiced on all sides. No government official could be found who looked upon the concessions as sufficient.

## America Is Criticized.

The tendency now is to criticize America for the situation Germany now finds herself in, rather than Great Britain or France.

The general sentiment was expressed, however, that signing by the present government is impossible. One authority declared it was doubtful even if Foreign Minister Brockdorff-Rantzau will return to Versailles, especially in view of the demonstration by French civilians there as the German delegate was about to entrain for Weimar. The stoning of the delegates, with the consequent injury to Frau Dornbusch and Herr Myers, is regarded as a breach of all diplomatic amenities. It was suggested that if Germany's decision is adverse, Secretary von Haniel in Versailles would be merely instructed to report this fact.

New Government Foreseen.  
 But if the present government cannot see its way clear to sign there appears to be no question that an ersatz (substitute government) will be quickly organized, with the independent Socialists dominating. Such a government would unquestionably accept the terms, with the support of the bulk of the German commoners.

Germany has until 7 o'clock Monday evening to consider her answer, and it is apparent that she will make full use of this period.

## COUNT PLUNKETT HOPEFUL

Irish Leader Declares Recent Events Favorable.

London, June 19.—A Dublin dispatch to the Daily Mail says Sir Horace Plunkett, chairman of the Irish convention, in speaking of a recent remark by Viscount Northcliffe in which the latter referred to the "future dominion of Ireland," said: "I believe things are moving that way. Of this we shall know more a fortnight hence."

## Newspaper Attacks U. S.

Rio Janeiro, June 19.—The propaganda campaign against the United States, begun a month ago in paid notices in a local newspaper, continues. These articles reach approximately 2,000 words daily. Dispatches unfavorable to the United States are being published. Flume and other matters vitally concerning the Italians are frequently the topic, with vitriolic attacks on President Wilson. North American official and commercial circles assert that no action is contemplated.

## Bloody Civil War Battle.

In 1862, on the 31st day of May, the battle of Fair Oaks, Va., took place. It was a small engagement, but in proportion to the number of men engaged was one of the most sanguinary of the Civil war. An advance guard of the Army of the Potomac, numbering 10,000 men, was attacked by a force of about 15,000 Confederates a few miles east of Richmond. The battle lasted a day and a half and resulted in a technical victory for the northern soldiers. Each side lost more than 7,000 men in killed, wounded and missing.

## Dust Is Very Dangerous.

All kinds of dust form dangers to human beings. Not only does dust exercise a direct harmful influence on the tissues of the organism, but it is the chief transporting agent of germs of infection and contagion.

Dust is composed of infinitesimal particles of street mud and of refuse of every description which lies on the surface of the soil.

Bacteriologists say that these particles, when dry, are disseminated in the atmosphere, together with all the impurities and microbes which they may contain, and to which they serve as transporting agents.

## BELIEVED IN EVIL SPIRITS

Queer Story of Superstition Existing in England Comparatively Only a Few Years Ago.

In these days of education it is rather difficult to understand the mentality of the people of sixty or seventy years ago, but from the following it will be clear that they had not entirely overcome the idea of evil spirits entering inanimate things, remarks the London Times.

A tradition has been current in the village of Millbrook, Bedfordshire, that sixty or seventy years ago two life-sized effigies were removed from the altar tomb in the church owing to the strange noises they were heard to make, and removed to the cellar at the rectory, where owing to their continuance of emitting noises they so disturbed the residents in the building that in self-defense they were interred in the consecrated ground of the churchyard.

Local archeologists recently decided to test the truth of the story, and after three days' digging recovered the statues. The figures were decapitated and the man had lost his legs, but the head of the woman was recovered and the man's head is in the possession of a resident of the village.

The church records show that early in the last century there was a handsome altar tomb with full-length figures of William Huett and Mary, his wife, in the church and these figures agree with the records.

The figures are recumbent and the heads rest upon embroidered cushions hung with tassels carved in stone. They represent a man clad in plate armor and a woman wearing the head-dress of the Elizabethan period. The tomb and effigies are carved out of Tintern stone and the traces of heavy gliding and the superior workmanship show that the monument must have been a very handsome one, the approximate date of erection being about 1800.

finite date of erection being about 1800.

## "New Zealand a Masterpiece."

"I was under the impression," writes a correspondent of the British Weekly, "that the U. S. A. had secured the copyright of the term 'God's own country,' and had definitely applied it to the United States. But I find that our colonial troops have pirated the phrase, and are applying it unblushingly to whichever corner of the empire they happen to hail from. The other day in a bus a soldier with a red band round his wideawake hat was explaining to his neighbor how pleasant it was to be going back in a few days to God's own country. 'Why, I didn't know you were an American,' remarked the neighbor in an accent that left no doubt on which side of the Atlantic he was at home. 'Who said I was?' complained the other. 'Well, you claimed God's own country as your home, and that's America sure.' 'America,' repeated the red-band. 'Yes, I daresay God had something to do with the making of it. But New Zealand is his masterpiece, and don't you forget it.'"

## Philatelic History of the War.

Many stamp collectors like to specialize, either in some country, or some especial line of stamps, such as animals, or birds, or even ships. An interesting collection could be made of war stamps. A collection on these lines would include all war-tax issues, all stamps overprinted for use in occupied territory, issues overprinted for the use of expeditionary forces, and envelopes, etc., bearing the cancellations from field post offices and from battleships. Probably the first war stamps to make their appearance were those introduced by Australian troops who had captured German colonies in the Pacific. Other early arrivals were the German productions for use in Belgium, Poland, Lithuania and Russia. Similar enemy issues were imposed on the conquered by Bulgaria and Austria.

## Picturesque Welcome.

When mayors and city committees plan welcome-homes for the soldiers there is bound to be much of a sameness about the general plan, but Montgomery, Ala., put some new wrinkles into the welcoming of the Alabama unit of the Rainbow division that must have been most inspiring. The soldiers walked, not between lines of home guards, but through a lane of rainbow-clad girls, who threw bouquets at the soldiers and over the high arch of victory entwined rainbow-colored ribbons. A great floral float composed entirely of lilies, with the exception of the figures "616" in gold stars, told the story of those left behind, and as the float advanced the Chopin funeral march was played.

## "Safety First."

Two recent cases of fainting in the bath recall the advice that the late Sir William Hingston, M. D., of Montreal was wont to give his patients. "Fill the bath," he used to say, "pull out the plug and then get in. If you faint in the bath the water will run out before you drown."

## TELEPHONE RATES RAISED ON JUNE 20

Advanced Cost of Labor and Materials Given as Cause of Same by Northwestern Exchange

### NEW RATE SCHEDULE GIVEN

Also New Rates and Methods of Charging Established in Long Distance Service

\*\*\*\*\*  
\* The telephone company announces an increase in local telephone rates effective June 20th:  
\* The new and the old rates are as follows:  
\* Service Old New  
\* Private Bus.....3.00 3.50  
\* 2 Party Bus.....2.50 3.00  
\* Private Res.....1.75 2.00  
\* 2 Party Res.....1.50 1.75  
\* 4 Party Res.....1.00 1.50  
\*\*\*\*\*

The reason given by the telephone company for higher rates is the advanced cost of labor and materials. Telephone officials say that because of the increased cost of operation, the revenues under the rates the company has charged have been insufficient to meet its financial requirements.

On account of the doubt as to what authorization was necessary for changes in telephone rates, the company has not previously made increases in its rates.

However, a recent decision of the United States Supreme Court determined the authority for rate changes, and a new schedule of rates has been made effective accordingly.

The telephone company put into effect May 21st new regulations governing charges for long distance telephone calls.

These regulations are the same as have been in effect for inter-state telephone calls since Jan. 21, but they have not been put in force before because only recently the United States Supreme Court fixed the authority for making rates within the state.

The principal change from the former method of determining long distance telephone rates is that instead of one class of service there are several, each with a different rate. For example, there is one charge for "station to station" calls, when anyone will talk at the telephone called, another when a definite person is desired, another for "appointment" calls, for night calls, and so on.

Their advertisement today explains in detail the way costs of service are determined.

## FORD PICNIC WILL BE WORLD BEATER

Millie Lacs Lake Shore Near Garrison Scene of First Picnic of the Kind on June 21

### TENTED CITY SPRINGING UP

Now Estimated Close to 3,000 People Will be There—Amusements Galore

Assurances now indicate that the monster Ford picnic on the shores of grand, old Millie Lacs lake near Garrison, Saturday, June 21, first picnic of its kind ever staged in the world and for which the Woodhead Motor Co. of Brainerd are hosts, will eclipse anything of the kind ever attempted by any firm.

Free to Ford owners and their friends, the Woodhead people have had owners register at their headquarters in Brainerd and the number of owners signifying their intention of attending is daily increasing.

The program of sports is an alluring one. Mayor F. E. Little of Brainerd will be chief of ceremonies in one of the events. Tents are springing up at the location, a bowery platform for open air dancing has been erected, fifteen acres have been brushed off for parking cars, wells and pumps installed to furnish water, refreshments will be furnished free by the company.

All you do, Mr. Ford Owner, is bring your car, family and friends and lunch baskets and cups. Hot coffee, peanuts, lemonade, ice cream, popcorn, candy, dancing, will be free. There will be souvenirs for all. The prizes are worth hundreds of dollars and any one of them is worth competing every bit of horsepower your Ford engine can speed up on. Plenty of fun is assured. There will also be a game of baseball. Register if you have not already done so, at the Woodhead Motor Co. in Brainerd.

## BARBERS ANNUAL PICNIC SATURDAY

By a close shave, the Barbers union took the hurdles and joined in the general race for Picnic Day by declaring shops would be closed Saturday. This now makes five picnics scheduled for June 21 and includes the shop picnic, Cass Lake pageant of the N. M. D. A., the Ford picnic, the merchants and clerks and the barbers. The barbers expect to scatter throughout the lake region and go fishing.

Brainerd, on Saturday will appear like Goldsmith's deserted village. The banks have announced they will close at noon and the Brainerd Dispatch expects to print early and join in the picnic too.

## RESOLUTIONS ON PICNIC DAY GIVEN

There has been some discussion on the merchants and clerks picnic day and who originated the request to hold the annual picnic on Saturday, June 21.

The Dispatch herewith gives the resolutions in full:

Inasmuch as there are already three picnics announced for Saturday, June 21st, we, the officers of the Clerks Union, deem it advisable to observe the same day as our annual Merchants and Clerks picnic day, advising the members and merchants to celebrate the day in any way they see fit.

In changing the date of our annual picnic this year, we are not waiving the agreement in our schedule of holding our annual picnic on the first Wednesday of August in the future years.

A. F. BOLDT, Pres.,  
LOUIS HOSTAGER, Vice Pres.  
GOLDIE HEDLUND, Treas.  
A. F. PETERSON, Secy.

We, the directors of the Brainerd Business Men's association, endorse the plan of holding the annual Merchants and Clerks picnic this year on the 21st day of June instead of the first Wednesday of August and respectfully request all the business houses of this city to close on that date for all day and evening.

## BANKS TO HAVE A HALF HOLIDAY

Banks of the city will close at noon on Picnic Day, June 21.

## DOUBLE DROWNING NEAR IRONTON

Ironton, Minn., June 19.—O. A. Yeoman and son Orin, were drowned last evening in Blackhoof lake about two miles west of Ironton near the Martin location.

The son, Orin, was boat riding with several girls and taking them to shore, decided to go back for a little swim, and while doing so was seized with cramps and began to sink. The mother, who happened to be standing in the door of their home near the lake at the time, noticed that he was drowning and called to the father, who immediately ran to the lake and started to the rescue of the son, but in some way they became entangled and both were drowned before help could arrive. People who happened to be on the shore went to recover the bodies and after about an hour of searching they were found, being about twenty feet apart.

The son was about 19 years of age and the father about 65. Both worked on the N. P. section gang here and have been residents of this vicinity for the past 2 1/2 years, and were very highly respected and well-thought of people.

They are survived by the wife and mother and a son and brother, Frank, a barber in Minneapolis, to whom the whole-hearted sympathy of the community is extended.

An inquest was held by the coroner today.

#### SAW BIG BEAR

Brown Bear Disputes Passage of Automobile Near Brainerd

—Last Night

When C. E. Moore and family motored home last night on the Millie Lacs road they were astonished to see a big brown bear standing along the roadway about ten miles east of Brainerd, at about 10:30 in the evening. Mr. Moore's book of instructions on running a car provided nothing for such an emergency, however he put on full speed, honked his horn coming and going and turned his headlights full blast on Mr. Bear. The bear stood his ground and Mr. Moore skirted him at full speed and made for Brainerd.

## BAND CONCERT WELL ATTENDED

First Concert to be Free From Rain, Gregory Park Crowded With Citizens

### AUTOS FRINGED THE BIG PARK

Band Played Well Under the Direction of Richard H. Rehl, the Bandmaster

Band concert Wednesday evening was a success, for on that occasion not a drop of rain fell and hundreds visited Gregory park and listened to the strains of music as played by the Brainerd City band.

About the spacious park was a fringe of automobiles, each with its list of passengers and all listened attentively to the program rendered. The band had rehearsed diligently under the direction of their conductor, Richard H. Rehl, and responded to every wave of his baton.

The only unusual incident recorded was that during the playing of "The Star Spangled Banner" an individual in plain sight of band and audience, refused to get up from his seat and take off his hat. Had this happened in war time some mother with a boy in the war would have tipped the hat off the man's head and brought him to his feet.

### TRAFFIC LAWS ENFORCED

Police Bring Delinquents to Police Station and Given Lecture, Numbers Taken

Following orders from council and mayor, Chief of Police C. H. Varner and officers are admonishing automobile drivers to exercise due regard to traffic laws.

Wednesday twelve drivers were on the carpet at the police station, their numbers taken and a lecture given on carrying tail lights and license numbers front and rear of car. On Thursday morning a crop of three offenders was gathered in. A special plain clothes man has been added to the force and he stopped a delinquent in the evening by a pistol shot in the air, said the chief, when the driver refused to obey a request to obey traffic laws.

## BRainerd PLAYS AT IRONTON JUNE 22

Lefty Hier With Three Shut-Outs to His Credit, Will Pitch for Brainerd Sunday

## IRONTON HAS A NEW FLINGER

Combine Pleasure With Profit, Motor to the Game and Boost Central Minnesota League

Today the Brainerd Baseball Club makes an especial appeal to the automobile owners, fans and others to attend the baseball game at Ironton when Brainerd plays the range town in the town "where the mines are" on Sunday, June 22.

Roads are in first class shape and the game there will give one the opportunity of making a nice drive, seeing the mines and the game and for a change one may drive home by way of the celebrated Bay Lake road. Brainerd is just anxious to see what kind of an attendance can be secured at this first out of town game. Lefty Hier, who has scored three shut-outs in succession against Staples, Verdale and Ironton, is on the mound for Brainerd and can be depended upon to pitch a superior article of ball.

Ironton has strengthened its left field where the flies trickled through. It is also reported they have a new pitcher from some western league. Ironton plays good, snappy ball and each player is on his toes to the finish. George A. Ridley, who was chief of police in Brainerd when he resided here, is a well known Ironton man and directs the destinies of the range team. Mr. Ridley is infusing pep into the team and of course, Ironton expects to win.

If you love baseball, if you also like to run your car, then combine the two and show up at the game and do your part to make Central Minnesota League baseball a success. We thank you!

## Will Not Play Bemidji

Brainerd will not play Bemidji at the shop picnic. Pearl Davis, Bemidji ball team manager, called it off because there were too many competing attractions such as a carnival, all day bowery dance and dancing on the street.

## True Aristocracy.

More democracy cannot solve the social question. An element of aristocracy must be introduced into our life. I do not mean the aristocracy of birth, or of the purse, or even the aristocracy of intellect. I mean the aristocracy of character, of will, of mind. That only can free us.—Hlsen.

# ARMY MEN SHAMED BY MUTINY STORY

REPORTED REVOLT OF AMERICAN COMPANY IN NORTHERN RUSSIA UNPRECEDENTED.

## PACIFIST TEACHINGS BLAMED

Civilian Sympathy With the Soldiers Who Refused to Fight Is Sadly Mispictured, Is the Feeling in Military Circles.

By EDWARD B. CLARK.

Washington. — Army officers in Washington are chagrined and humiliated at the news of the mutiny of a company of American soldiers on the North Russian front. It is a safe assumption that unless some kind of pacifist pat-them-on-the-back influences shall prevail the men who refused to fight will get what military sense dictates that they should get.

The last word which has come to this city is to the effect that the teachings of one man were responsible for the trouble. There seems to be a feeling in civilian circles that because one man preached and others practiced, only the preacher should be punished. This course, an army officer said, would be parallel to a civil court case in which the judge refused to punish any member of a highwayman gang excepting the leader thereof. This happening in northern Russia is unprecedented in the records of the United States army. There have been some cases where men have refused to do some minor duty or other because of grievances on account of poor grub or some other temporary evil, but so far as can be determined no American soldier ever before refused to fight, or to follow where their officers stood ready to lead them.

## Some Blame Pacifist Talk.

Some Washington officials are skeptical about the truth of the story that bolshevik propaganda in Russia was responsible for the trouble. If it was this kind of propaganda which brought the thing to a head it succeeded, so men here seem to think, because prior to their departure from the United States some of the weak-minded and weak-kneed soldiers had been preyed upon mentally by the dire and dismal preachers of the gospel of lying down in the face of the foe.

Ever since the news came to Washington that 250 American soldiers had refused to fight, some civilians have been showing evidences of sympathy with the mutineers. "Possibly the poor boys didn't have any breakfast," or "Perhaps their officers had been scolding them," or perhaps half a dozen other things. Military men say the excuses that have been put up for the display are more sickening than the display itself.

The wonder is today if Americans knew in full the kind of propaganda which certain American societies with high-sounding titles put forth with the object of weakening the cause of the United States in the war in which it was about to engage. These organizations, some of them formed for the alleged purpose of adding conscientious objectors, but more than suspected of intending to aid the cause of the Kaiser, tried every known means to reach soldiers of the United States with their "lying down" doctrines. They printed tons of stuff nauseating to red-blooded men and tried to get it into the camps. They hired lawyers in all the chief cities of the United States to become sort of vet nurses for men who might have stomachs too weak to retain any manhood sustenance.

## Only Instance During the War.

The case of the men in northern Russia is the only one of like kind that has occurred in the United States army during this war. Possibly the members of the societies who tried to do what they could to keep our soldier boys from fighting for their country are rejoicing today that their years of activity have resulted in this "great and splendid" mutiny of 250 men on an isolated frontier. The armies of the United States on service abroad numbered about 2,000,000 men. It is a wonderful showing that only 250 soldiers out of this vast number revolted in the face of duty.

It is unquestionably true that campaigning in Russia was hard and it may be that supplies were not as plentiful as they were in France, but in the history of our country American soldiers have gone to battle time and again and have won their fights on a little coffee and less hard tack, while others of them have followed Indians on the plains or through the mountains with no better provender than mule meat, and that scarce.

As a general thing men here seem to think that this mutiny will hurt the service. Probably it will not hurt it, because it was such a small affair, so far removed and so utterly exceptional in its manifestations. In fact, perhaps it only serves to bring out the splendid conduct of most of our boys in the face of campaigning hardships and the battling efforts of the enemy. It is possible, of course, that later reports may disprove some of the early statements concerning this revolt in northern Russia.

ache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

# New Rates Established for Long Distance Calls

CHARGES QUOTED ARE BASED ON DIFFERENT KINDS OF SERVICE PROVIDED

This company put into effect May 21, new regulations governing charges for long distance telephone calls.

These regulations are the same as have been in effect for inter-state telephone calls since January 21. They have not been put in force before in Minnesota because only recently the United States Supreme Court fixed the authority for making telephone rates within the state.

The principal change from the former method of determining long distance telephone rates is that instead of one class of service there are several, each with a different rate.

For example, there is to be one rate for "station to station" calls when anyone at a certain telephone is wanted, another rate for "person to person" calls when a definite party is desired, another for "appointment" calls, for night calls, and so on.

## BASIS OF RATES

The basis of all charges on long distance telephone calls is the "station to station" rate. This is determined by the air line distance between towns. The rate is computed for the initial period of conversation on the basis of 5 cents for each 6 miles up to 24 miles and 5 cents for each eight miles beyond that distance.

## "STATION TO STATION" SERVICE

The "station to station" rate applies when the calling party does not ask to talk to a particular person at the telephone designated, but merely to anyone who answers the telephone. The word "station" as used here means "telephone," the service being a telephone to telephone method.

"Station to station" calls must be made either by giving the telephone number wanted or the name or address under which the telephone is listed. If the calling party states that he wishes to talk to a definite person, the "person to person" rate, which is higher, is charged. Charges for "station to station" calls cannot be reversed, that is, they cannot be charged to the telephone called.

The "station to station" service is the cheapest and quickest form of long distance communication. It is furnished at a lower rate than other classes of service because it requires less work on the part of the long distance operators and "ties up" the wires for a shorter period than when a particular party must be summoned to the telephone.

## "PERSON TO PERSON" SERVICE

When a toll call is made, specifying that conversation is desired with a particular person and the connection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and holds the wires for a longer period than "station to station" calls because a particular party must be brought to the telephone before a conversation is held, the rate for such calls is about one-fourth greater than the "station to station" rate.

## "APPOINTMENT" RATE

When the calling party in placing his call appoints a definite specified time at which he will talk on a "person to person" basis and the conversation is held accordingly, the "appointment" rate applies.

The "appointment" rate is about one-half greater than the "station to station" rate.

## "MESSENGER" CALLS

When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

Messenger charges incurred are to be paid even though the desired conversation is not held.

## "REPORT CHARGE"

The "report charge" applies when a "person to person" call, an "appointment" call or a "messenger" call is made and the particular person desired is not in or will not talk, or when the right telephone address of the particular person desired has not been given and he cannot be reached at a telephone within one hour. Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

The cost of handling a call where we are unable to locate the party called, is nearly as great as when the person is found and the conversation held. The "report charge" covers a portion of this expense.

The rate for a report charge is about one-fourth the "station to station" rate.

## "COLLECT CALLS"

"Collect calls" are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

"Collect calls," or reversed charges are not allowed in connection with "station to station" calls but are with other classes of service.

## STANDARD TOLL NIGHT RATES

The following rates are charged for night service on a "station to station" basis. Night rates do not apply to other classes of service:

8:30 p. m. to 12 midnight—About one-half of the "station to station" day rate.

12:00 midnight to 4:30 a. m.—About one-quarter of the "station to station" day rate.

The minimum night rate is 25 cents. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

## EXAMPLE SHOWING HOW THE METHOD IS APPLIED

Following are examples for a call about 150 miles distant:	Report charge	\$ .25
"Station to station" rate \$1.00	Rate between 8:30 p. m. and 12 midnight, "station to station" service only	.50
Completed "person to person" rate	Rate between 12 midnight and 4:30 a. m., "station to station" service only	.25
Completed "appointment" rate		
Completed "messenger" rate		
Plus messenger charges.		

The lowest "person to person" rate quoted is 15 cents, the minimum "appointment" rate is 20 cents, the minimum "messenger" rate is 20 cents and the minimum "report charge" is 5c.

On "station to station" calls, where the rate is 25 cents or less an initial talking period of 5 minutes is permitted without extra charge. Where the rate is higher the initial period is 3 minutes. On "person to person" calls, "appointment" calls and "messenger" calls the initial talking period is 3 minutes.

The rate for any class of service may be obtained from the long distance operator.
